2020 Census Is Here!

For the first time, you can complete the census online. The website is safe, secure and confidential. By completing the census and counting every person

in the household, from babies to older adults, critical dollars for schools, roads, emergency services and hospitals will be allocated to Goodyear. The census also gives businesses an idea of who's living where, so they know where to open new stores or offer services in communities that were previously underserved.

If you like to complete the census online and want more information, please see button below.
